

MICROSOFT ONENOTE - COMPREHENSIVE

½ DAY

Microsoft® OneNote has many features that can improve time management skills, including task lists and scheduling with Microsoft® Outlook®. OneNote also makes it easier to comprehend information by allowing for audio recording and even searching the audio recording for specific spoken words or phrases. Research can be accomplished on the web and links are maintained so you know where you found the information. These are just a few of the note-taking organization features that will be covered in this course.
